Jan 15, 2016 I have a V7.1.20 FULL version and I want to update to V8.1.0.Is it possible and what is the procedure? I know that V7.1.20 is older than V8.1.0. but I just want to update to V8.1.0 so I don't have to pay for upgrades. Jan 15, 2016 About the soft, it has a good firmware but I think the problem is the software, which is compatible for the PLC model, but not compatible with my PC because they're different. Jun 11, 2019 I'm really disappointed with this software. I'm not an expert with the PLC. I've read that there is a version that works with the PLC, but I can't download it, I can't read more than the first 5 paragraphs of the information and I can't make it work. I spend a lot of time trying to download it, but it's never downloaded correctly. Jan 22, 2019 How to get the model LOGO/Soft Comfort V7.0.30 full version working on Windows?
