## System Requirements:

In the action-packed Top 7 Games of 2010, PC Gamer's editors evaluate the best games available for the platform. Each game is evaluated across the following categories: Design, Gameplay, Graphics, Sound and Visuals, and Value. In the final score, each of these categories is weighted equally, but some are given greater value than others. Each game's score is determined by the total of the weights in the category criteria. For example, the weight for graphics is twice that of sound. PC Gamer's scores for each game are based on a 6 to 1 scale,
